Your login information is your ABC email address and the last 4 digits of your phone number (unless you manually changed it in your account settings). If you changed it and do not remember what your password is either come to the library or email the librarian and they can reset it for you.

Next, search for either for the book or topic you are looking for in the search bar. The Library catalogue search bar is a bit finicky, so make sure you're spelling things correctly.

Once you search something similar to the below screen will come up.

From here you can either place a hold from here or click on the book title for more information.

Once you have found the book you wish to place on hold, you will notice that the **Place Hold** button is to the right.
