

PREP FOR YOUR NEXT

Want to figure out what God's next is for you?

Consider taking **P3206 Thriving in Transition**: a 6-week, evening course where students will consider five themes: transition, work, vocational call, personality theory, and discernment as they seek to find the direction and purpose that God intends for them. Class starts September 12.

In P3206 Thriving in Transition, Tanya Woo helps students discern what God is calling them to next.

Know what area of ministry God is calling you to?
