Student Spotlight

Elizabeth A.

PACE International Student Elizabeth is in her first year of the Bachelor of Christian Ministry program specializing in Pastoral Care. She began her studies at ABC after moving from Kerala, India to Calgary with her family last February.

“Coming from a different country, background, climate, culture, and belief system, I found it difficult to adjust myself to a new setting here in Canada. Every day became a faith journey as I learned to trust God more while studying His Word during this big and crucial transition of my life.”

She describes ABC as “...a place of loving and encouraging community where you can feel accepted, spiritually guided, and academically facilitated.” Read more about her experience on ABC’s Facebook and Instagram pages.

Students share about Fall Ministry Experience in Chapel

"What's a challenge you've faced during your studies and how did you overcome it?"

"It can be challenging juggling between my son's school schedule, my school demands, and running a household. Around February-March, I began experiencing physical and spiritual burnout...

I discovered that I have tough mental strength, which moved me to shift my thinking of the situation from being a potential disaster to a great learning moment. I learned to plan better and think of others around me (sympathize); above all, it is in times like these I remember that I serve a mighty God who is not limited by human weakness."
