SUMMER KIDS' CHURCH LEADTEAM

Why We Build a Summer Lead Team

At Terwillegar Community Church, we build a Summer Lead Team because we believe families should worship together year-round, and Kids' Church helps make that possible by offering children a place of belonging, consistency, and discipleship throughout the summer. We also believe God is shaping the future of His church, and these roles intentionally disciple emerging leaders by inviting students into the real planning, leadership, and rhythms of local church ministry alongside the pastoral team. Finally, the Summer Lead Team creates space for our year-round discipleship leaders to rest and be renewed, honoring faithful service while equipping the next generation to step forward.
